Make a tiny puppet theatre

Foundation Drama · Term2 Weeks17–18 · optional Days81–90 source bank.

Make a character with a job. Give it a little problem. Try a moment, leave someone a real choice, and keep a show you want to return to.

- Teaching today: ten runnable starts (../../source/LESSONS.md) and teacher setup (../../source/TEACHER-GUIDE.md).

- Child choosing a first thing: short make/play cards (../../source/LEARNER-CARDS.md) and five roomy aids (../../source/AIDS.md).

- Parent with a few minutes: ten small home offers (../../source/FAMILY-OPTIONAL.md). No kit, score or upload needed.

- Need another way in: thirty switchable routes (../../source/PARTICIPATION-ROUTES.md), twenty worked contexts (../../source/WORKED-CONTEXTS.md) and ten extras (../../source/SUPPLEMENTARY.md).

- Meet a whole original work: The pop-up rain repair show (../../source/ORIGINAL-WORK.md).

- Check sources: national text and bounded crosswalk (../../source/CURRICULUM-CROSSWALK.md), dated local arts facts (../../source/LOCAL-FACTS.md) and separate item rights (../../source/SOURCE-AND-RIGHTS.md).

Original educational expression is offered under CC BY4.0 with credit and changes noted; code has separate Apache2.0 terms. Curriculum quotations and external facts retain source terms. A teacher selects complete assessment sources and their own blanks one stage at a time through the separate staff selection; this ordinary entry does not expose keys or later material.

This is source material ready for distinct review, not a published interactive site, native print pack, audio edition, classroom trial, full-grade course or all-state approval. Children can choose, ask for help, rest or pass. Local educators choose suitable materials, support, curriculum scope and actual showing conditions.
