H later · Garden puppet doorway

A new invented puppet scene. You can choose, ask for help, rest or pass. You can use your own words, marks, signs or usual communication.

Unit 1

At a different pretend garden, a puppet named Fern wants to mend a paper sign.

Unit 2

Maker Lee chooses Fern's job and animates Fern asking “Which sign?”

Unit 3

Willing maker Uma agrees to add a visitor's moment using their own puppet.

Unit 4

Uma plays the visitor pointing to a plain sign. Lee does not choose Uma's action.

Unit 5

Lee then puts Fern aside. No repair or further scene is given.

Unit 6

No real sign, plant or garden has been changed.

My own turn (../../source/checks/H-later/MY-TURN.md) · Sources and separate item terms (../../source/SOURCE-AND-RIGHTS.md).

H-later · My own turn · Q1

Use only this complete scene (../../source/checks/H-later/SOURCE.md). Your own different idea is welcome. There are no supplied answers here. You can do one part now, rest, pass or ask for exact reading or exact scribing.

What is already given in this scene? What is not known yet?

Adult note: record exact child contribution, actual operator/action and support separately. An untried idea stays an idea. No need to film or share publicly.

H-later · My own turn · Q2

Choose one next character moment of your own. Make it, try it or describe it. Which part did you add?

Adult note: record exact child contribution, actual operator/action and support separately. An untried idea stays an idea. No need to film or share publicly.

H-later · My own turn · Q3

What could you offer a willing next maker? Leave them a real choice. What if they do not want to join?

Adult note: record exact child contribution, actual operator/action and support separately. An untried idea stays an idea. No need to film or share publicly.

H-later · My own turn · Q4

In the supplied scene, who actually does what? Is any reply or audience encounter given?

For your own turn, what actually happened, and what is still only a plan?

Adult note: record exact child contribution, actual operator/action and support separately. An untried idea stays an idea. No need to film or share publicly.
