Label plan and request · E / F

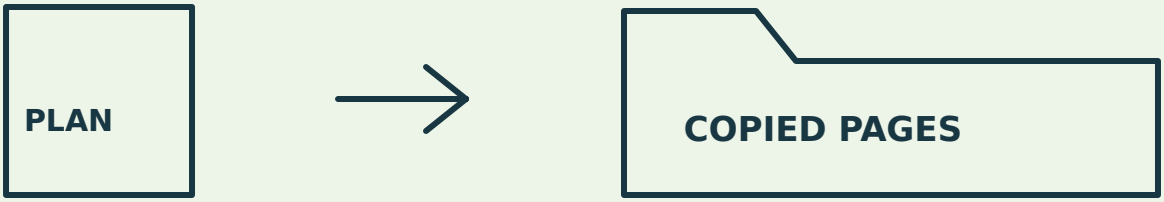

A plan or request isn't a completed celebration, current local permission or viewer result.

E · LATER LABEL PLAN

“Story Day Six · I plan a new paper label about the earlier display. A label made now is not a record that a new celebration happened.”

F · PAPER ARCHIVE REQUEST

“You may make a plain source label for this paper archive. Ask before showing it. Return the copied pages to the broad envelope. This is a request, not a record of use.”

ASK FIRST · return copies · no use result supplied
