Predict, look, compare

Before diagram is a setup proposal, not an observation of your roof.

BEFORE · LOOK AT THE UNLOADED FORM

Gap discernible / already touching / unclear: actual words go here.

AFTER · YOUR ACTUAL OBSERVATION, NOT OUR ANSWER

Changed / similar / slipped / unclear / NOT TRIED

Keep prior prediction before the action; compare with the later result.

Already touching before? Do not say the load caused first contact.

No available gap view? Adjust, pause, change property or use report.
