Your question leads the try

No required question, fold, result, public audience or long record.

WHAT DO YOU WONDER?

YOUR OWN QUESTION / PREDICTION / NEXT IDEA

Keep, change, check again or pass. One useful question is enough.

“Not sure” and an unchanged/unclear result are welcome.

Actual try only if approved; adult acts, child can direct.

One group row can be enough. No fixed repeat count.

Model/report route complete; direct sensory evidence stays separate.
