A picture kit and a skipped stage

SubjectNest | Year 1 Mathematics | Weeks 7-8

Choose twos, fives or tens. Check equal groups and count all objects.
Show what each group is worth and what your final count includes.

Each successive stage adds ONE full ten-object group.
Check these successive labels. Find and repair the first break.

20	30	50

Create a different own sequence with a stated increase of 2, 5 or 10.

Keep first thinking, prediction and actual changes separate. Components may be split.
