H10 · Keep one useful idea

Try together: Child chooses any actual ordinary table or number attempt, or a new C03/C15 question. Ask what helped and agree one new example to try later. This is not a held-source lesson or a family attainment report. Rest or one spoken/signed idea can be enough.

What this practises: Reflection and next teaching. Keep actual child choices and adult handling/help separate. A few minutes or one question can be enough. No purchase, public sharing, personal information or returned activity is required.
