H09 · A pretend project helper

Try together: Need63 labels,27 ready. Child decides how many more and what the number means;36 more, since27+36=63. Draw/direct missing part or count up27→30→60→63. An actual home project is optional, adult-reviewed and separately evidenced.

What this practises: Contextual missing-part model. Keep actual child choices and adult handling/help separate. A few minutes or one question can be enough. No purchase, public sharing, personal information or returned activity is required.
