How many more? A model

Read, draw, say, sign or direct. One useful part can be enough.

MODEL · Need 46 invitation slips; 18 are ready.

18 + ? = 46 or 46 - 18 = 28

18 → 20 (+2) → 40 (+20) → 46 (+6)

2 + 20 + 6 = 28 more slips

Check: 18 + 28 = 46

The model does not tell us actual supplies or delivery.
