H01 · A tiny question

Try together: Ask which pretend bookmark picture would be chosen: leaf or moon, or pass. Child decides one helpful question word. Adult may read options; no actual household survey is needed. Self-test invented leaf, moon, leaf: leaf2/moon1. Stop after a question or one sorted reply.

What this practises: Clear categorical question. Keep actual child choices and adult handling/help separate. A few minutes or one question can be enough. No purchase, public sharing, personal information or returned activity is required.
